

Previous Seminars & Events Sponsored by CCHRB

The following are some of the events sponsored or co-sponsored by the CCHRB:

Seminar: 'Facade Inspection Ordinance' (March 20, 2008)

Seminar: 'High Rise Fire and Life Safety in Chicago: Recent Developments and Future Directions' (March 2005) Significant changes have been made to the Chicago Building Code, including high rise buildings (buildings over 80 feet in height). Further changes are forthcoming. In addition, there have been major changes to protocol of the Chicago Fire Department during responses to high rise alarms. Key individuals who provided leadership in developing those changes will summarize these recent developments during a portion of this 3/4 day conference, and will be available to respond to questions from seminar attendees. Of particular interest to all will be a major presentation on human behavior and response in fire and other emergencies. In addition, another major presentation will probe recent research into the dependability and performance of various active and passive fire protection systems, including smoke detectors, alarms, sprinklers, rated wall systems, and recent progress in the development of elevators suitable for use for evacuation during fires and other emergencies.

Seminar: 'ANSI / ASHRAE / IESNA Standard 90.1-2004: Energy Standard for Buildings Except Low-Rise Residential Buildings', February 22, 2005 [Sponsored by the Illinois Chapter of ASHRAE: American Society of Heating and Refrigeration Engineers; co-sponsored by CCHRB, Chicago Chapter AIA, Chicago Chapter IESNA, and Chicago Chapter U.S. Green Building Council]

Seminar: 'ANSI / ASHRAE / IESNA Standard 90.1-2004', December 2004 [Sponsored by the Illinois Chapter of ASHRAE: American Society of Heating and Refrigeration Engineers; co-sponsored by CCHRB, Chicago Chapter AIA, Chicago Chapter IESNA, and Chicago Chapter U.S. Green Building Council]

Seminar: 'The 2000 City of Chicago Maintenance of Exterior Walls and Enclosures Ordinance', January 17, 2001 [In cooperation with the City of Chicago, Department of Buildings; supported by The American Institute of Architects, Chicago Chapter; Apartment Building Owners and Managers Association; the Association of Licensed Architects; Building Owners and Managers Association; Chicago Association of Realtors; Construction Specifications Institute, Chicago, Chapter; and the Structural Engineers Association of Illinois]

Seminar: 'The 1996 City of Chicago Maintenance of Exterior Walls and Enclosures Ordinance', May 9, 1996 [In cooperation with the City of Chicago, Department of Buildings; supported by The American Institute of Architects, Chicago Chapter; Apartment Building Owners and Managers Association; Building Owners and Managers Association; Chicago Association of Realtors; Construction Specifications Institute, Chicago, Chapter; and the Structural Engineers Association of Illinois]
